

Life skills education for LGBTIQ community.

In collaboration with RENEW, UNFPA resourced first ever session on life skills education to promote sexual and reproductive health among LGBTIQ community represented by 17 members from six districts. The workshop was financially supported by IPPF.

"My expectation from this five day session is to build self confidence and learn how to make informed decision"

One of the Gay participant.

Debating on Myths and facts on sexual behavior.

"I had to go and live with Hijaras across the border for more than a year to feel accepted and loved for being myself . I came back after I saw other TGs coming out".

TG member

"We never heard about life skills education before. After five days, we feel these 10 core life skills should be imparted to our other community members who are still confused about their gender identity and sexual orientation.
